HASSAN DISTRICT.

(*Nos. 266 to 283.*)

SUBJECT No. 266.

A Government grant of Rs. 50,000 for the improvement of the Hassan Town.

Messrs. G. Srinivasamurti and G. Ramaswamiengar, Hassan Taluk.

Summary of discussion.—For the last seven years the town of Hassan is being occasionally visited by plague and not only a large number of people die of plague but many lose valuable property, while living in sheds. Though there has been an extension of the town towards the north, the poor are confined to their old houses. Many houses were acquired, for some of which compensation was paid, while for the rest compensation is promised by instalments for want of funds in the Municipality. It is not therefore possible to improve and extend the town without Government help. It is therefore prayed that Government may be pleased to sanction Rs. 50,000 for the improvement of the town and for opening out extensions and encouraging the construction of houses therein on better sanitary principles.

Reply of Government.—Will be considered.
